

PRISM DESIGN SYSTEM: SPECIFICATION & GUIDELINES

Zero-Runtime Token Architecture & WCAG 2.1 AA Compliance

1. PHILOSOPHY: Accessible, scalable, headless component foundations.
2. DESIGN TOKENS: Disciplined 4px/8px geometric grid and fluid typography.
3. ACCESSIBILITY: 100% automated keyboard navigation and screen-reader semantics.
4. MULTI-PLATFORM: Seamless theme switching without flash-of-unstyled-content FOUC.
